

# So, you wish to get a Hunting Licence...

At the Ontario Firearms Safety Academy, we provide the standard, 10-hour Hunter Education Course (in one day) to obtain an H1 hunting licence, which allows you to hunt with a gun.

As a prerequisite, students must provide proof they have received firearms safety training.

There are 3 options to provide that proof.

- 1.** Present a valid Firearms Licence.
- 2.** Present a copy of your Canadian Firearms Safety Course Report.
- 3.** Present a copy of a Canadian Firearms Safety Course Exam Verification Form supplied to you by your

Instructor.

If you have just recently completed the Firearms Training Course with us, no written proof is required.
